We LOVE Our Teachers!

This is my favorite newsletter of the year because I know it makes the teachers feel so valued! This is only a small collection of the Teacher Appreciation notes that came flooding into my inbox. In this Scoop edition, we'll have a chance to read about our favorite teachers and learn about new ones for next year. I only regret that I do not have enough space to print all of your thoughtful messages. Your response to my request for an encouraging note was overwhelming! Each teacher will receive all of your precious notes at the luncheon on Thursday, March 14. Thank you for showing your love in such a kind way! These teachers are so deserving of your praise! - Ellen Nietert

In Your Words...

Emily lights up when she sees Ms. Dakota & Ms. Logan! Having them in her life is a true blessing. We cannot thank them enough for taking such great care of our sweet girl. As Emily's first teachers, they will forever hold a special place in our hearts! XOXO -Alex Cole

Anne and Beth are such an amazing team and we won the jackpot again with them! Cecilia has not only grown academically, but her love for Jesus and excitement about the Bible has flourished as well. It's been a true blessing to our family this year. My favorite part about their classroom is the community they've built with the students who love and encourage one another daily! -Todd & Katie Reel

Ms. Emily and Ms. Suzanne have been amazing teachers for my son, Graham. This year, he has gained confidence both academically and socially, and I know it's because of the love he feels from his teachers. I cannot thank them enough for loving Graham, and embracing his little personality with open arms and hearts. - Caroline Dalrymple

Ellis loves school in Ms. Ashley & Ms. Lisa's class. Your patience, kindness, and dedication has created a nurturing environment where he is ready to learn and play. I love listening to him sing all the songs that he learns and telling me about what words start with each letter. Thank you both for looking out for my buddy! -Connie Moylan

Ms. Lindsay and Ms. Casey are amazing...so kind and comforting! Fridays are so fun for Nash...he is all smiles after exploring and learning with his sweet teachers and friends in Super Science!

From the raucous cacophony of September to the post-Christmas potty training adventures, Ms. Susan, Ms. Dakota, Ms. Lisa, Ms. Jen, Ms. Amanda, and Ms. Nicole take the best care of our littlest friends. I know that my own little angel can give anyone a run for their money, but he blasts into class with barely a glance backward and has the best time. It is such a blessing to be able to leave my baby for a few hours and not feel any anxiety about it - thank you to all!
-Lindsay Sullivan

Miss Kelly and Miss Linda are full of energy and have the best craft and activity ideas! Their class is so lively and so intentionally filled with love and kindness in everything they do.
