## THANK YOU, TEACHERS! WE LOVE YOU!

This March Edition of the Day School Scoop is dedicated to the ladies we love, OUR TEACHERS! They bring such joy and optimism into this building! Every school day, they are intent on making each child feel loved and special. With passion and dedication, they often stay after school finishing keepsake projects so you will also feel the wonder of this preschool journey many years from today. For over fifteen years, I have been so proud to say that I spend my mornings at Christ Church Day School. These ladies and your adorable children make life special! Thank you, teachers! We love you!

### In your words...

We love Christ Church Day School. Ms. Jolene and Ms. Lisa are absolutely incredible teachers. They have helped Ella Mae grow in her independence and helped her to make her first friends outside of our family. She happily goes into their arms as she waves and says, "Bye-bye." Our family is very thankful for such caring teachers at CCDS.-Carrie Campbell

I love the warm smiles and loving arms reaching for Harper. She feels so safe and secure and has so much fun in Mother's Morning Out. When I peak through the window before I leave it warms my heart beyond belief to see the loving teachers Snuggling my little girl. Words can't describe my appreciation for the teachers kindness, love, and patience - Denise Reinhardt

From the first day we started CCDS back in 2011, we knew that we had found an incredible preschool where we not only felt at home, but could feel God's love in all of our interactions with the staff. My heart was filled with joy as I watched both of our girls grow, not only socially and in knowledge, but most importantly in their knowledge of and love of God. Fast forward to 2019 with one more girl in our household and it was a no brainer as to where she would go. I was overjoyed to know that Maria (or Ms. "Ria" as Charlotte calls her) would be our teacher, as she had been one of Madison's teachers 5 years ago. She has done an incredible job of taking the torch from Katie and running with it!

We were also elated that Michele (or Ms. "A-Shell" as Charlotte refers to her) would be the assistant in our class. They are both so incredibly loving, caring and nurturing. Charlotte comes home every Tuesday/Thursday with such a happy demeanor and has a huge smile on her face. She is always singing songs that she has learned and talking about her teachers and friends at CCDS.

We could not possibly be more blessed that we are back at CCDS and that we have Maria and Michelle this year! Thank you from the bottom of our hearts for everything you do for Charlotte and for all of the love that you give to each of these children. You are both an incredible example of God's love and are setting an amazing example for these sweet 2 year olds. We love you both! - The Teiken Family

One of the highlights of Vivi's year was learning the Spanish Christmas song. She's still singing it today! We love that Vivi is expanding her language skills and we have Ms Mari to thank for that! - Haley Harton

I can't say enough good things about Ms. Emily! She is so patient and kind with the children, always has a smile on her face and comes up with such fun and unique ways for them to learn. We are so grateful Ms. Emily stepped into this role and we love her very much! Ms Lisa is the best! She is such a pro and it's clear how much she loves our kiddos. She does an excellent job of nurturing while also guiding them. Ms. Lisa always seems cool as a cucumber and we feel great confidence in having her care for our little guy. Ms. Kay always seems happy to see the kids when we drop them off in the morning and it's comforting to know there's a nurse in the classroom, especially for our friends with allergies. - Jennifer Cherock

Thank you for the way you care about our Baby Girl!! You have given her a confidence about beginning school that as a parent is priceless. We are so happy to be a part of the CCDS family! - The Morrow Family

Words can't express how thankful I am for the guidance and love Ms. Laurie and Ms. Nicole have given Adelynn during her first year of preschool. She always talks about her "Ms Laurie and Nicole" and I'm so grateful she has had these Two's teachers to help her transition into being away from home. -Emily Moore

I am so incredibly grateful for Ms. Ashley and Ms. Mari! I can't imagine a better place for Ainsley than in their classroom. I know they make learning and school fun for her and she can't wait to tell me about her day and all they did when she gets in the car! It's obvious how much they truly care about the kiddos and we get tons of pictures after every school day with captions telling us what they did in school. It's so very helpful in conversing with Ainsley and reinforcing what she's learning at school. Thank you for who you both are and all you do for our sweet littles. I feel so lucky to have you all as Ainsley's teachers! -Beth Sykes

We are completely spoiled to have Kelly and Linda as our first ever teachers. They are the most loving, attentive, and hard working teachers ever! I knew from day ONE that they truly love my child and wanted nothing more than for her to succeed. I know in my heart that all these two will forever be the standard that every other teacher will be measured against. Thanks for creating such a safe and fun place for Eliza to learn to love school! We will be forever grateful. -Leah Judway

Ms Pat is an extraordinary preschool teacher. She connects with the children so easily and is so loving. We could not have asked for a better experience for our last year with this school. Alexia loves you Ms Pat!! Thank you for being so amazing!!! Ms Nicole is so on top of things!! If it wasn't for her I would show up in carline without a child to send off to school! She is so caring and wonderful with the children! Ms Sara is such a blessing. She is so kind, caring and loving. Alexia's eyes light up every time she sees her! She will forever be remembered for their matching "speed shoes". Ms Moo is truly a walking angel on this earth...with great taste in shoes! Truly though we are blessed to have her. She is so smart, loving and caring! Alexia is always talking about her fun science experiments! - Kristin Pavao

Our whole family loves Super Science, even though Alec is the only one who gets to go. He has learned so much information that I didn't know a three year old could even understand. You have such creative ideas for teaching concepts and getting kids interested enough to retain the information. We also appreciate your insight into what Alec likes to play with and the Instagram updates so we can have conversations about what he's learning. I can't believe he learns so much when he only goes once a week! Thanks for a wonderful year! - Anne Marion

Thank you for bringing the joy of music to Marley's life! I am not musically inclined - can't sing, can't play an instrument, and definitely can't dance. Marley wasn't going to learn how awesome music is from me, so to have someone who can make it so fun for her is just a blessing. Every day she has music class with you, she is bursting with excitement to tell me all about it. Thank you for bringing your talents to school to share with our kiddos - we are so grateful for your gift! -Kristen Gaskins

I love to hear Wells speaking some of the Spanish he learns in Ms. Mari's class! He's always so excited to share new things he's learned. Thank you, Ms. Mari, for providing the children with the amazing opportunity to learn a different language! - Tara French
